Zehnder Roda Twist Spa Air

Product data sheet

Bathroom radiators are increasingly sophisticated. Zehnder Roda Twist Spa Air is proof: its body can be pivoted through 180°, making it easier to hang towels. The built-in powerful heating fan heats up a bathroom even faster. Available in almost any colour and finish from the Zehnder colour chart.

Benefits

- Open access from both sides makes it very convenient for hanging and sliding towels in from the side
- Extra hygiene through cleanable air filter
- Can be pivoted through 180°, making it even easier to hang towels
- High proportion of radiation ensures comfort
- Quiet, integrated fans with easy to operate controller ensure considerably shorter heating-up phase and more performance, convenience and comfort
- Diverse range of models with header tubes as a left- or right-hand arrangement
- Additional powerful boost heaters provide a comfortable and homely bathroom quickly at any time
- Comfort on demand due to adjustable boost heating

Special benefits for electric operation

- Demand control thanks to daily programme
- Comes ready-to-plug for easy and quick installation
- The electric radiator provides warm towels and rooms all the year round
- Energy-efficient and comfortable heating with innovative “open window detection”
- Electric operation provides warm towels and comfortable rooms all year round
- Aesthetically pleasing design due to flat and discreetly integrated boost heater
- High energy efficiency due to compliance with the European Ecodesign Directive reduces energy costs
- Low energy consumption of only 0.5 W in stand-by mode for increased energy efficiency
- User-friendly control device allows simple operation
- Customisable daily and weekly programmes for convenient, on-demand operation
- Increased safety with keylock
- Flexible control options: control device for wall mounting or base
- Timer function for on-demand operation
